

1st Women In Philanthropy Voting & Celebration Event

Women In Philanthropy members and QCH team members gathered on Saturday, November 23 for the first ever Voting & Celebration Event, at Brookstreet Hotel.

The purpose of this inaugural event was to celebrate a successful first year for the QCH Foundation Women In Philanthropy program, which now has almost 50 members, and to give members the opportunity to choose which piece of equipment to collectively fund for 2019.

After hearing three very compelling pitches from Salli Dambrowitz, Lindsay Howcroft, Denis Binette and Brian Smith – the members voted to fund a new Bladder Scanner & Mechanical Ventilator at QCH with a generous gift of \$62,686.

Congratulations to Brian Smith for your winning pitch & thank you to all the awesome QCH presenters for all your inspiring and informative pitches – it was a very tough choice!

Thanks to this significant investment – QCH will get much needed, essential equipment that will help us to save even more lives in our community!
